

Mechanic/Installer in the field of Heating, Plumbing and Ventilation (reference number 30/13)

The company ULLRICH S/H/L GmbH is a specialist in the field of plumbing, heating and ventilation. With many years of experience, they serve customers mainly in the areas of Ilmenau, Erfurt, Jena and Weimar but also nationwide.

To ensure customer satisfaction ULLRICH S/H/L employs highly trained technicians and experienced engineers in the field of heating, plumbing and ventilation. The company resides in the town Ilmenau which also hosts a technical university and is located at the verge of the Thuringian forest.

Your tasks will include the autonomous execution of typical occupational activities

- laying pipelines for water supply and heating systems in buildings
- Installation of boilers, heaters, heat pumps, energy recovery plants, air conditioning and ventilation systems in buildings
- Sanitary installations such as bathtubs and shower trays, basins and sinks, toilet systems and related fittings
- You will work independently in the context of the assigned tasks and you are the contact person for local customers.
- Reporting to the executive board completes the portfolio of your tasks.

Your profile

- completed vocational training as plumbing and heating installer or equivalent training
- ideally professional experience
- self-confident manner and the necessary willingness to serve customers
- Your personal strengths should be at an above-average performance, convincibility, ability to work in a team and the willingness to lasting commitment.
- The job site is mainly Thuringia (Erfurt, Weimar, Jena, Ilmenau) but you should be ready for nationwide installations.
